Figma

Education

Middle level bachelor and maintenance technician
Speciality: Informatics
Instituto José Peña, Córdoba Argentina
2008

Creative Advertiser
Go! Advertising School
Córdoba, Argentina.
2012

Languages

Spanish
Mother tongue

English
Fluent in written and spoken

Italian
Beginner in written and spoken

Interests

Movies & Series   Screenplays   Writing   Music

Gonzalo Stoll

Hello! My name is Gonzalo. I'm an Argentinian/Italian currently living in Copenhagen, Denmark. I'm a frontend developer with a severe taste for clean/readable code, a keen eye for visual details and a strict discipline when writting code. I've worked with HTML, CSS (Scss) and JavaScript for more than 5 years, and also tought several seminars about them.

I'm the kind of worker who won't stop until there is a pixel perfect solution on screen with the minimum and most reusable code, and will continuously look for new bugs to solve, or new features to improve. I'm always looking for something new to do.

Some aspects of my personality: I enjoy teamwork and team effort. I'm responsible, open, agile and ambitious. I'm also a fast learner and organised hard worker. Plus, I absolutely love films and series (writting screenplays is my hobbie).

Hope to hear from you soon!
